

scarsvoip
BACKGROUND STAFF ACTIVITY

The support sections for our SCARSVOIP operation are shown below indicating the departments involved and an overview of each department's area of expertise.

NCS'S: Two schedule periods. AM morning net each Saturday, and the SSIN (Scars Saturday Intercontinental Net) conducted at noon. All times Easter time. Schedule requirements are to just run a net once every eighth weeks of the yearly calendar.

TIN (Thursday Information Net): Program scheduling, staffing, and script generation. Run once a month on the third Thursday of each month.

DATA: Create, maintain, and publish roster information, membership mailing list and publish as required. Enter new members as required and answer any email requests directed to VOIP@SCARSVOIP.COM.

WEBSITE: Maintain our SCARSVOIP.COM site. Drupal and HTML knowledge are helpful but will train where necessary.

HOSPITALITY: Manager and staff of people as greeters who visit our site for the first time.

SYSOP CONTROL: Equip with tools provided this section maintains policy and order on our servers.
